French / Good

Experience

October 2025 - Present

KLab

Full-Stack web developer trainee

I involve in both front-end and back-end development tasks, building and maintaining web applications from design to deployment. I work with technologies such as HTML, CSS, JavaScript, React.js and a back-end framework such as Node.js and MongoDB to implement features, manage databases, and ensure smooth functionality.

May - July 2025

City of Kigali

IT Support intern

During my internship at the City of Kigali, I provided IT support by maintaining systems and troubleshooting technical issues, and I also developed a system to improve administrative processes, gaining experience in both IT support and software development.

April - June 2025

Hova AI

Full-Stack developer intern

I was involved in both front-end and back-end development tasks, building and maintaining web applications from design to deployment. I worked with technologies such as HTML, CSS, JavaScript, and a back-end framework to implement features, manage databases, and ensure smooth functionality.
