PROFESSIONAL SUMMARY

Results-driven Full-Stack Software Developer with hands-on experience building scalable web applications using modern JavaScript technologies including React.js and Node.js. Proven ability to design, develop, and optimize both frontend and backend systems, integrate APIs, and manage databases efficiently. Passionate about delivering high-quality software solutions, solving real-world problems, and continuously learning in fast-paced, collaborative, and international environments.

PROFESSIONAL EXPERIENCE

Full-Stack Software Developer | Lokona (Freelance, Netherlands)

February 2026 – Present

- Designed and developed full-stack web applications, ensuring performance, scalability, and maintainability
- Built and integrated RESTful APIs to support dynamic application functionality
- Managed databases and optimized queries to improve system efficiency
- Identified and resolved bugs, significantly enhancing application performance
- Collaborated with cross-functional teams to deliver high-quality software solutions

Full-Stack Software Developer | Manaja (Kigali, Rwanda)

February 2026 – Present

- Developed and maintained both frontend and backend components of web applications
- Implemented key features and ensured seamless API integration
- Improved system reliability through debugging and performance optimization
- Worked closely with team members to deliver scalable and user-focused solutions

Full-Stack Software Developer | kLab (Kigali, Rwanda)

November 2026 – April 2026

- Built responsive and efficient full-stack applications using modern technologies
- Developed reusable components and scalable backend services
- Integrated APIs and managed databases to support business functionality
- Collaborated in an agile environment to deliver timely project outcomes

Full-Stack Software Developer | Hova AI (Kigali, Rwanda)

March 2025 – August 2025

- Developed backend services using Node.js and Express.js

- Designed and integrated RESTful APIs to support application features
- Performed debugging and optimization to improve system performance
- Contributed to scalable and maintainable software solutions within a team

IT Support Intern | City of Kigali (Kigali, Rwanda)

March 2025 – July 2025

- Provided technical support and resolved hardware/software issues for staff
- Installed, configured, and maintained IT systems and networks
- Assisted in system testing and improvements for digital services
- Supported daily IT operations to ensure reliability and efficiency

TECHNICAL SKILLS

Programming: JavaScript (ES6+), TypeScript

Frontend: React.js, HTML5, CSS3

Backend: Node.js, Express.js

Databases: MongoDB, PostgreSQL, MySQL, Firebase

APIs: RESTful API design and integration

Tools & Technologies: Git, GitHub, Deployment workflows, Environment variables

Other Skills: Debugging, Testing, Performance Optimization, Basic Server Configuration

PROJECTS

Stock Management System

- Designed and developed a system to track laptop inventory, distribution, and returns
- Implemented CRUD operations and business logic for inventory control
- Improved tracking accuracy and reporting efficiency

React Blog Platform

- Built a blog application using React.js
- Implemented features for creating, editing, and managing posts
- Used local storage for data persistence
- Focused on reusable components and responsive UI design

EDUCATION

University of Rwanda (CBE – Huye Campus) – Huye, Rwanda

Bachelor of Science in Business Information Technology 2022 - 2025

Concentrations: Software Development, Cybersecurity, System Analysis, Network Administration, Business Database Management

Lycée de Kigali

Advanced Level Diploma (A2) 2018 - 2021

Mathematics, Economics & Geography (MEG)

CERTIFICATIONS & ACHIEVEMENTS

- Full-Stack Software Developer – Klab
- AI Career Essentials – ALX
- English Proficiency Certificate – TEF
- Education First (EF) English Training

LANGUAGES

Kinyarwanda: Native

English: Fluent

French: Intermediate

ADDITIONAL INFORMATION

- Strong interest in education technology and digital entrepreneurship
- Passionate about building solutions for students and small businesses
- Highly adaptable and effective in international and collaborative environments
- Committed to continuous learning and professional growth
